## 2. Software Developer (Android App)

Location : Saket, Delhi

Website : [www.primeos.in](http://www.primeos.in)

### What We Do :

We have developed "**PrimeOS**" an Android x86 based OS for PCs/Laptops which gives a complete desktop experience similar to Windows or MacOS with access to millions of Android apps. It is designed by us to bring you best of both worlds - a complete fusion of Android and PC.

Our mission is to liberate the power of Android and empower everyone with its productivity

### Minimum qualifications :

- Pursuing Bachelor's degree in Computer Science, Statistics/Mathematics, related field or equivalent practical experience
- Good understanding of algorithms and data structures, and their time and space performance
- Experience in android application development preferably for tablet
- Programming experience in Java, XML, API
- Deep technical knowledge of android SDK and framework
- Knowledge of UI frameworks (either Android, iOS, XML), MVP application design.
- Comfortable in Android Studio and basic knowledge of linux and its commands.

### Responsibilities :

- Write android application for PrimeOS : an androidx86 based operating system designed specifically for Laptops and PC's.  
For ex. "Prime File Manager" for primeos system app which will involve structural coding with proper documentaion and following design practices.
- Design, develop, test, deploy, maintain and improve software.
- Manage individual project priorities, deadlines and deliverables.
