3. Software Engineer Internship (Device Drivers - Linux)

Location : Saket, Delhi

Website : www.primeos.in

What We Do :

We have developed "**PrimeOS**" an Android x86 based OS for PCs/Laptops which gives a complete desktop experience similar to Windows or MacOS with access to millions of Android apps. It is designed by us to bring you best of both worlds - a complete fusion of Android and PC.

Our mission is to liberate the power of Android and empower everyone with its productivity

Minimum qualifications:

- Pursuing Bachelor's degree in Computer Science, Statistics/Mathematics, related field or equivalent practical experience
- Experienced in writing/porting/ modifying Linux 4.9+ based device drivers for supporting various devices / adapters (Fiber Channel, Network,SCSI, SATA)
- Experienced in any scripting language: perl, php, bash shell scripting
- Significant C programming skills
- C++ programming skills desirable
- Linux Kernel knowledge (Device Driver Framework, debugging (kgdb) related to building and writing / testing / upgrading device drivers.

Responsibilities:

- Increase support for more laptops / PCs drivers (wifi, bluetooth, touchpad, mic, sound, ethernet, etc)
- Design, develop, test, deploy, maintain and improve software
- Manage individual project priorities, deadlines and deliverables
